

3-Hour Cub Scout Adventure

(helps with the Bear Badge and Loops!)

Donkeys and Goats and Chickens . . . Oh My!

What do they eat? How do they act? What sounds do they make? What are their specific needs? How long do they live? How are they similar? How are they different? Why do animals become extinct? Help train the pigs, interact with all animals and take the donkeys for a stroll.

Enjoy a healthy snack.

Choose a program below or customize your own:

-Get in the Green!

We will explore wonderful concepts to “Create a Better Planet.” Learn about rainwater catchment systems, drought tolerant plants, recycling, and solar energy. Water conservation. Choose a craft from our stockade (Rainsticks, solar ovens are just a few options).

-Don't Panic . . . It's Organic!

Why is organic gardening so important? Scouts will learn about different soil types, composting, beneficial insects, the importance of healthy eating and how farming keeps you in shape! Paint a pot and plant a seed to grow and nurture!

-Become a Tree-Tective

Learn about ten different trees on the farm collect their leaves and participate in a scavenger hunt!

Conclude with harvesting seasonal crops and photo opportunities!
